

# Important River Trip Info To Know!

Starting Wed June 24th, everyone MUST check in at the Gate Office just after you turn into the campground, NOT the main campground office. The Gate Office will only be open from 9AM to 10PM! If, you arrive after 10PM you will need to use the radio at the Gate Office to reach someone to come get you checked in, and NO ONE will be checked in after 1AM... PERIOD.

Everyone MUST sign a Waiver of Liability before you check in and get your wristbands. If you choose not to sign the waiver you will not be allowed to enter and forfeit any money paid.

Online sales will end at 10PM Monday June 22nd. You can still buy Passes & Extra Days to your bookings when you arrive but there is a slight price increase for new bookings, event, & day passes. For anyone paying when you arrive, the Gate Office will be accepting Cash (preferred), there is an ATM in the store at the Main Office. If for some reason you must use a credit card, we will have the means to do so but with an additional processing fee.

If you are arriving earlier then Wed June 24th the main office will coordinate with us to get you in your right spot for the event if you have an RV site or cabin. If you are tent camping you will need to check in at the Gate Office Wed to get checked in with us.

If you have a Jungle Self-Contained RV Site you will need to drive past the main gate and pull into 2nd entrance past the cabins to be checked in or you will have to navigate through Mountain Breeze to get turned around. A fence has been put up the entire length of the main parking lot all the way to the cabins so we can no longer pull RVs through the area left of the gate office to the Jungle. We will have signs up pointing to the entrance. Once in, use the provided walkie to contact someone to come and check you in. Those staying on the Jungle side of the campground will not be able to cross directly too the main part of the campground. You must cross using River Road, we will provide a shuttle that will run between the 2 areas for convenience of those without a golf cart.

If you have an Overflow Self-Contained RV Site you will need to pull into that entrance to be checked in or you will have to navigate through Mountain Breeze to get turned around. That entrance is just past Mow Cow Cabins on the right if you're coming from New Braunfels on River Road. We will have signs up pointing to the entrance. Once in, use the provided walkie to contact someone to come and check you in.

If you have a Full Hook Up RV Site you will enter the next entrance at Soggy Dollar Campground. They will see you at the Gate Office and someone will come to you to check you in. We will have signs up pointing to the entrance.

Electric/Water RV Sites, Cabins, Buses, and Tent Campers will check in at the Mountain Breeze Gate Office.

Please have your virtual tickets with QR codes ready for us to scan at check in.

Because of problems last year, if you have a cabin or any form of RV site the person whose name is on the booking must provide their ID.

I know we have the entire campground again this year but they will still be transporting day trippers to and from the river till sundown. So, ladies if you want to be topless in any area where these day trippers are around or can see into you **MUST** wear nipple covers. At night or in the more secluded areas of the campground you're ok to set them free!

Ladies if you are in the river and are topless and children are floating by, please turn away from their sight or lower yourself under the water out of their view. I hate having to say this every year but... absolutely no sex in the public waters of the Guadalupe River during daylight hours!!! I don't care if you're under water or on a float you will be asked to leave the river!!!

No POOLS, HOT TUBES, or ANYTHING like that will be allowed anywhere on the property of either campground! The water shortage in the area will not support the extra usage.

Tent campers, I know it can be hot but we ask that you **DO NOT** run an AC in your tent unless you are running it off a small whisper quiet inverter/generator like a Honda or Predator. The circuits just can't handle that kind of load, they are ok for things like fans, radios, and lights but not ok for things like AC's, freezers, or electric cooking devices. If, you are caught running an AC or any of the other non-compliant devices from the campground outlets you will have to remove them and store them back in your vehicle for the remainder of the event.

Those with RV sites we are hoping to have all the sites numbered and assigned by late-day Monday June 16th. As always though we will make sure you are in the correct site. **DO NOT** just park where ever you want or you may have to pack back up and move!

People with Day Passes must leave the campground before 2AM and are not permitted to set up tents or pop ups in the tent camping area, you must have Event Passes to set up structures in our tent camping area.

If you have not already signed up for any one of the contests or games online you may do so when you check in at the Gate Office.

The campground only allows golf carts and mules. That means **NO** SXS or ATVs.

Mountain Breeze only allows official ADA Service animals in their campground with prior approval. You would need to call the campgrounds directly for approval. Soggy Dollar Campground allows pets.

Those with RV sites, you may only park at your site if your vehicle stays within the boundary lines of your site. It CAN NOT block the emergency lane or walkway paths in that area.

If the RV site is not yours do not park in, at, or block it from the people it belongs too!

If you have a self-contained RV site, we will have places for you to fill your tanks when you arrive and are hoping to work out a way for you to dump as you leave.

No glass, Styrofoam, or Jello Shots under 5oz in the river EVER!

If you plan on bringing a large float you MUST anchor it well to the center of the river away from the crowd and carried it out of the river each day! Those big things have been known to develop holes in them or float away down river all by themselves if you know what I mean!!

Please visit the vendors, they are there to help expand your river trip experience. So, show them some love most will be working all day and not get to partake in all the fun like everyone else.

You CAN NOT park golf carts in the horse shoe by the river's entrance. You may drive down to the horse shoe to drop your stuff off but must park up the hill near the restrooms making sure you are not blocking either side of the road.

Please pick up any trash or debris from your campsite, cabin, or RV site. There are trash cans and dumpsters located in the campground for you to throw your trash away. This includes at the river bank and while in the water. The campground supplies mesh trash bags for use while in the water & bins to collect all your aluminum cans. The goal is to leave the campground in better shape than we arrived!

We will not tolerate any fighting! We will have off duty Sheriff's Officers as our security on site. You will have to pack up and leave the campground if you are found to have caused a fight and without a refund.

Please, if you have a question or need any help don't hesitate to flag down one of the marked KOS golf carts or go to the Gate Office.

The group float will be Sat morning starting around 11am. We will not know if we will be starting the float at the campground or transported up river till that Friday. We will announce that info during the contests and games Friday night. Starting at 11AM head tube house near Mountain Breeze's Main Office, this is where you will rent your tube for the Saturday group float.

Everyone, go and RSVP on our website to let people know you're coming! We have this event listed on many LS websites and pages. <https://www.kreweofswingtown.com/river>

Remember, the river trip is what YOU make it! If you sit around and don't meet people you will have a miserable hot sweaty time by yourself. I promise you, just say hi and introduce yourself and you will make lifelong friends and have one of the best times of your life!!!
